SCHEDULE 4 (Continued)

PART I

Interpretation

In this Schedule, the following expressions have the meanings hereby respectively assigned to them:- –

“household” means either one person living alone or a group of people (related or not) living together in a room, or rooms, or flat or house having an individual postal address (within the roads specified in the Schedule to the relevant on-street order provided for this purpose);

“House in multiple occupation” means any house or purpose-built or converted flat which is currently occupied by persons who do not form a single household; and

“dwelling” means more than one room used as accommodation for one or more persons.

In Part II of this Schedule, the inclusion of a particular class of premises does not necessarily mean that it is a house in multiple occupation.

Part II of this Schedule sets out six categories of houses in multiple occupation, followed by the rule which the Council will apply when considering whether the occupants of a room, or rooms or the entire house should be regarded as a single household or a number of separate households.

This Order amends the previous “permits” consolidation order which gave statutory provision for the issue of parking permits throughout the borough.

The general effects of the Order is to:-

- (a) introduce a new scale of charges for third and subsequent residents permits;
- (b) introduce a new scale of charges for third and subsequent business permits;
- (c) introduce a new scale of charges for third and subsequent permits for certain operational permits;
- (d) introduce new charges for residents’ visitor permits;
- (e) makes certain changes to the charges for permits

No charge is made if the engine of the vehicle for which the permit is issued emits 100 grams or less of CO2 per kilometre driven.
