## EXPLANATORY NOTE

This Order introduces a speed limit of 20 miles per hour in all roads, streets and parts thereof, where any such length of road or street is identified as public highway.

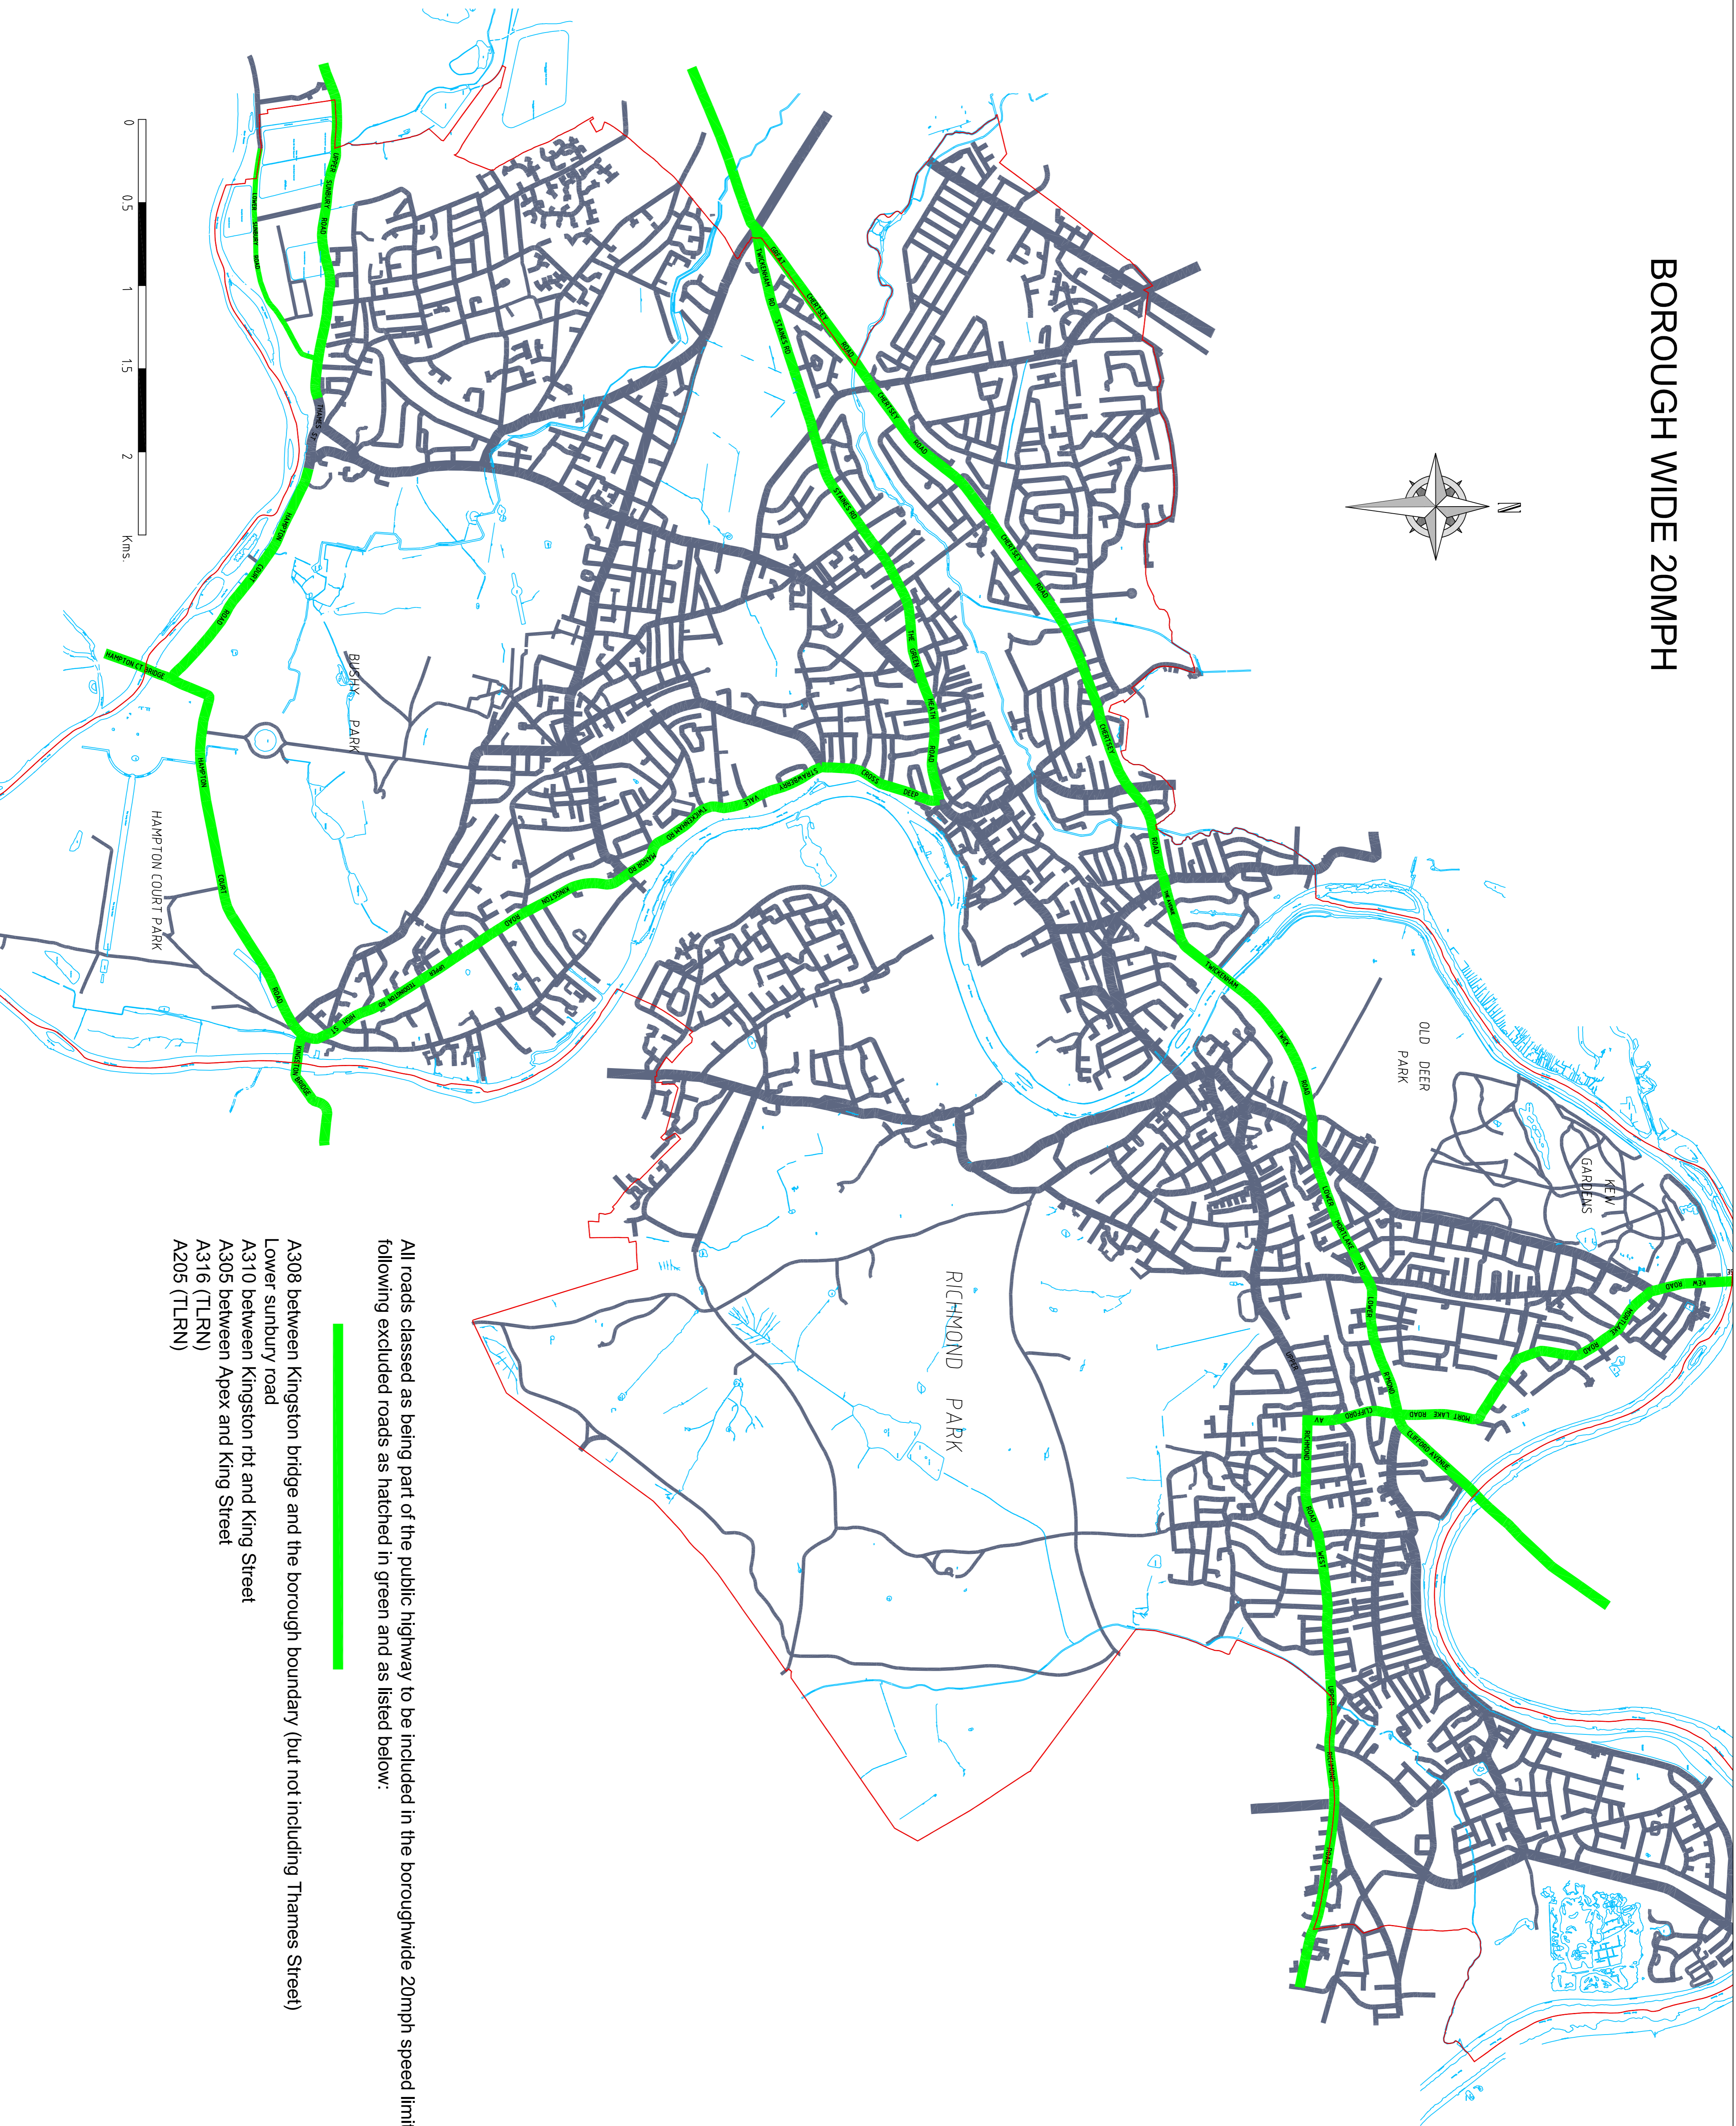

## STATEMENT OF REASONS

The Council plans to reduce the speed limit on most roads in the boroughs to 20mph, with the exception of the TLRN, A308 (excluding Thames Street), Lower Sunbury Road and private roads. The following roads will also be excluded pending a corridor study aimed at collision and speed reduction with a view to 20 being implemented as part of any measures arising from the study: A310 (from Hampton Wick to Twickenham) and A305 (Between Apex Corner and Twickenham).

The aims of the project would be to:

- Reduce vehicle speeds on our roads, particularly on those roads which have the highest speed
- Reduce the number and severity of accidents
- Create environments which are more conducive to walking and cycling
- Lead to an overall improvement in the liveability of neighbourhoods
- Create a more consistent landscape of 20mph across London in line with neighbouring boroughs
- Reduce the need for physical traffic calming measures

# BOROUGH WIDE 20MPH

All roads classed as being part of the public highway to be included in the boroughwide 20mph speed limit except for the following excluded roads as hatched in green and as listed below:

- A308 between Kingston bridge and the borough boundary (but not including Thames Street)
- Lower sunbury road
- A310 between Kingston rt and King Street
- A305 between Apex and King Street
- A316 (TLRN)
- A205 (TLRN)
