

This is a detailed architectural elevation rendering of a modern multi-story building. The facade is composed of three main sections. The central section is taller, featuring a prominent vertical glass curtain wall on its left and right sides, with a brick-clad middle portion containing several windows. The two flanking sections are shorter, constructed of brick, and each includes a balcony with a dark, textured railing. Human figures are placed on the balconies and at the base of the central section to provide a sense of scale. The building is rendered with clean lines and a limited color palette of grays, blues, and tan, set against a plain white background.

An architectural elevation drawing of a building facade. The main structure is a large, light-brown rectangular block with a brick-like texture. A vertical strip of dark, patterned brickwork runs down the center, containing two sets of four-paned windows with blue panes. To the left, a smaller, multi-story section has white-framed windows. To the right, a taller, darker grey section features a balcony with a person silhouette. The roof is flat with several small, dark, triangular structures. The drawing uses clean lines and a limited color palette.

An architectural elevation drawing of a building facade. The central portion is a large, light-tan rectangular wall with a fine brick texture. To the left of this central wall is a vertical strip of darker, patterned brickwork containing three sets of four-paned windows. To the right of the central wall is another vertical strip of patterned brickwork containing three sets of narrow vertical windows. The building is topped by a grey, flat roof with two small, square, light-blue windows. On the far left, there is a smaller, multi-story section with a mix of tan and grey brickwork and several windows. On the far right, there is another smaller section with a grey brick base and tan brick upper floors. A white human figure stands on the ground to the right of the central wall for scale, and a silver car is parked on the street to the far right.
