**Subject:** RE: Arlington Works - Pre-application advice

Jess

I recall Caroline has already addressed your question at our meeting back in November 2017 and agreed the tonnage for the site.

Policy 5.19 of the London Plan, extract below, addresses your query and would need to be complied with in any future submission.

### London Plan Policy 5.19

#### Planning Decisions

B Development proposals that would result in the loss of existing sites for the treatment and/or disposal of hazardous waste should not be permitted unless compensatory hazardous waste site provision has been secured in accordance with Policy **5.17H**.

Please note that all comments made by Internal Consultees are all written in the formal pre-application advice that you have received.

I trust the above addresses your query and I would be grateful if you could now withdraw your FOI request.

Regards

Wendy Wong Chang
